# **IRL@UMSL - Advisor/Reviewer Instructions**

This guide provides a summary of the three steps needed to complete a review for Theses and Dissertations on IRL@UMSL - <u>http://irl.umsl.edu/</u> - confirming whether you will review the submission, evaluating the submission, and submitting your report. IRL@UMSL replaces the previous UMSL ETD.

If it is your first time logging in, you may need to use the "Sign up" link to create a bepress Digital Commons account. When signing up for a new account, please enter the email address that was used to contact you [your UMSL e-mail address] and create a unique password. You'll be sent an email asking you to confirm your account. Click on the link in the email to confirm your account and log in. **Your UMSL email address is required.** 

### Step One: Confirm Whether You Will Evaluate the Student Submission

If you are sent an email to requesting review of a submission:

- 1. Click on the link in the email.
- 2. This will lead you to a webpage where you can agree to do the review and download a PDF of the submission, if desired, before committing to review.
- 3. Click on either "I will review it" or "I will not review it" to indicate whether you will return a review within the requested time frame. Please note that the email will either contain a specific due date or a number of days that the review should be completed in. If a certain number of days is specified, these days will begin counting down once you agree to the review.
