NOTES:

- Electrics not drafted in placement positions, for the sake of clarity.
- NEITHER BOOMS NOR GROUND ROW ARE IN REP.
- Circuits drafted in approximate placement, for the sake of clarity.
- Fixtures in Box Booms cannot focus upstage
- Lenses on Tech Galleries and 2nd Balcony may vary, please consult Lighting Supervisor to secure your specific needs
- Colors marked NC are typically restored to NC after each event. Colors marked TBD tend to be left from show to show per show electricians.
- Other colors vary:
Red is R26 or R27 overstage, R124 in cyc
Blue is R80, R83, R383, or R385 overstage, R125 in cyc
Amber is R20, R21, or R321 overstage, R127 in cyc
Green is R126 in cyc
Pink Tint is R33 or R333
Blue Tint is R60 or L201
- Gobos are typically something leafy like R77806 Leaf Large.
- Same channels may be twofered or patched at the discretion of the show electrician.
